

Sprowston Infant School Sport premium spending 2019/2020

Department for Education Vision for the Primary PE and Sport Premium:

ALL pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and lifelong participation in physical activity and sport.

The funding has been provided to ensure impact against the following OBJECTIVE:

To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision (above) that will live on well beyond the Primary PE and Sport Premium funding.

It is expected that schools will see an improvement against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport.

Sprowston Infant School recognises that the development of a healthy lifestyle in children is hugely important as PE and sport raises self-esteem and confidence thus having a wider impact on their achievement and progress. As such we see physical education as a co-contributor to our children's wellbeing and we have developed it alongside the existing work we partake in that focuses on diet and emotional welfare.
